A Collaborative Resource for Hennepin County Tenant Needs.

The Tenant Resource Connections, (TRC) supports Hennepin County residents who are at risk of eviction or homelessness through a collaborative partnership between

community, non-profits, government, and higher education. The goal of the resource center is to help people maintain stability in their housing situation and avoid the “service run around” that sometimes comes with the need to access multiple community resources to ensure stability in housing.

How can we help?

Our partners specialize in a variety of services — financial, employment, mediations with property managers, legal rights and more! Check out the link below.
