OXYGEN AND MEDICAL EQUIPMENT

PRODUCT CATALOG

www.LibertyOxygen.com

Liberty Oxygen and Medical Equipment is committed to providing the highest quality respiratory and medical equipment services in the industry. Our goal is to improve the health and quality of life of the customers we serve, while allowing them to remain independent in their homes. We employ highly-trained professionals with a vast knowledge in their specific areas of expertise. We provide the most modern respiratory and home medical equipment available.

At Liberty Oxygen and Medical Equipment, we pride ourselves on the quality of service given to the customer, whether that customer is the patient, a family member, the health care provider, or the insurance company. Our knowledgeable Customer Service Representatives work quickly and efficiently with the customer to provide the best care and service imaginable. Our employees are always willing to go the extra mile for our customers.

As an additional service to our customers, we bill most insurances on your behalf:

- Aetna
- Blue Cross Blue Shield
- Health Partners
- Medica
- Medicaid
- Medicare (non-bid)
- Preferred One
- UCare
- United Health Care

It's our commitment to you that sets us apart.

Founded in 2002, Liberty's business was initially focused on the home respiratory needs of our customers. As healthcare has evolved over the years, so has Liberty's commitment to our patients. We have diversified our services to become a full-service medical equipment provider. Whether you need help breathing, getting up, getting around or staying safe and independent in your home, Liberty has everything you need.

Patient Choice

At Liberty, we know the state of our health is not the only factor in making a medical equipment selection. Many products we carry offer a variety of features as well as a choice of:

- fabrics
- sizes
- colors
- price points

Our knowledgeable and caring staff will take into consideration your **needs, wants, lifestyle, and budget** to assist you with your decision. If we do not stock the item you are looking for, we are happy to special order it for you.

Convenience

Liberty has 7 convenient metro locations, so whether you are shopping close to work or home, there is always a Liberty showroom near you.

Live life on your terms.

Rise Easier with a Luxurious Lift Chair from

Golden Technologies' exclusive MaxiComfort™ technology offers customers more positions and positioning comfort than any other lift and recline chair, allowing customers to recline and relax in the zero-gravity position, reducing the force of gravity on the spine, relieving back pressure and increasing circulation for improved overall health.

- 16 models to fit every size – custom-sized for a custom fit
- 21 upholstery choices – including suede, and Ultraleather Brisa™
- Sit and recline or lift and stand with the touch of a button
- Heat and massage available
- Provides relief for hip or knee replacements and arthritis
- Handcrafted in the USA
- Six models featuring MaxiComfort™ Zero Gravity positioning technology

Let AutoDrive™ drive you to any position smoothly and quietly! This technologically advanced system offers pre-programmed positions to give you an even more comfortable, customized recline experience! The AutoDrive™ system has pre-programmed buttons for the TV Watching, Zero-Gravity and Lift positions. Includes two additional memory buttons that you can program to be sure your favorite positions won't be lost!

Contoured seat and back for all day comfort and enhanced positioning.

- Adjustable headrest for superior support
- Tilt assist allows effortless one hand up/down positioning
- Unique lockout rocking mode
- Independent seven-position legrest offers more positioning capabilities
- Footrests are easily adjustable for length and tuck under chair for transfers
- Easily adaptable to numerous positioning needs – off-loads pressure to prevent skin breakdown
- Durable high quality construction offers low maintenance and years of problem-free service
- Interchangeable 3" brake and 5" rigid casters offer front or rear steering

EZ Bed Rail

Extends: 26" - 34" - 42"
Folds down when not in use
Designer organizer pouch
Supports 400 pounds

Security Pole with Curved Grab Bar

Makes standing and sitting easier
Tension mounted - no drilling
Place anywhere in the home
Supports 300 pounds

EZ Fold N Go Walker

Portable - Quickly and easily folds up for storage in small spaces
6" swivel wheels and rear Easy-Glide feet allows for trouble-free maneuvering over all surfaces
Height adjustable, and supports up to 400 pounds

Assist a Tray

Universal: Fits any couch, chair, or lift chair
Makes sitting and standing easier
Swivel tray keeps handy items close by
Supports 250 pounds

Drive Knee Walker

The handle height can be adjusted from 33" to 41" with the push of a button, and the pad height has a range of 18" to 22". Folds for storage or transportation. Can be switched without tools for use with the left or right leg.

Roscoe Knee Walker

Increased comfort and ease of mobility to patients who cannot put weight on their foot or ankle, but want to remain active. Four large wheels and padded knee platform perfect for indoor and outdoor use. Equipped with an easy folding mechanism that collapses using a thumb release lever and fits beneath the raised knee platform for ease of storage and transportation.

Need more mobility than crutches offer?
Try a knee walker to get where you need to go.

Knee Cruiser

Steers like a bike and has a nice smooth glide to it. Large wheels provide a smooth ride over uneven surfaces. Locking hand-brake provides speed control and allows the user to stay in a single position without rolling. Add a fleece pad cover for added comfort. Easily slips on or off for convenient cleaning and protects the knee pad from scratches and abrasions.

Aluminum Crutches

Solid one-piece lightweight anodized aluminum frame. High impact plastic arm rests and hand grips. Fully assembled with cushions, hand grips, and rubber tips. Push-button adjustment allows for safe, accurate, and quick adjustment of height. Available in tall, average, and youth sizes.

Forearm Crutches

Standard front-opening forearm crutches. Arm cuffs and hand cuffs are coated for extra comfort and security. Cuffs are swivel-action mounted, allowing for easy movement.

Height and contour of cuffs are adjustable. Forearm height adjusts from 9" to 12.5".

Quad Cane

Anodized aluminum shaft with welded steel base. Offset handle provides balance and stability. Push-button height adjustment from 31" to 40" in 1" increments.

Cane with Seat

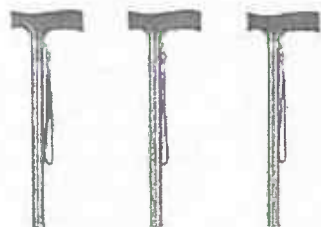

Provides a comfortable seat to rest on when open, and a sturdy support cane when closed. Strong aluminum construction. Tripod design with vinyl contour-tipped legs. Dimensions: 8.4" diameter seat, 34" tall when closed. Seat to floor height: 20".

Folding Cane

Black finish with "T" shaped handle. Folds easily for travel or storage with its own convenient carrying pouch. Height adjusts from 31" to 37".

Canes available in a wide variety of colors and patterns

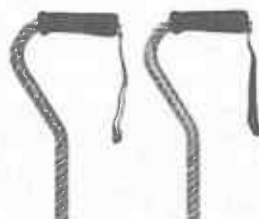

"T" Handle Cane

Constructed of 1" anodized aluminum with attractive wood handle for lightweight stability. Designer colors combine style with function. Height ranges from 31" to 40".

Offset Cane

Constructed of anodized aluminum with hypolon hand grip. Height adjusts from 31" to 40" in 1" increments with push-button height adjustment.

Hurricane Freedom Edition

Freestanding design with a pivoting base for better stability. The cane design is inspired by the way the human body moves so it will fit into your stride naturally with a comfort-fit handle. The Hurricane folds up and out instantly for easy portability. Heavenly Handle and Replacement Feet also available.

Ice Cane Tips

Regain safe and steady momentum on snow and ice with an ice cane tip. This attachment fits most canes, is made of stainless steel, and can be rotated up for use indoors.

Folding Walkcane (Hemi-Cane)

Anodized aluminum frame. Lightweight compact design folds easily. Special angled footpieces provide safety. Adjustable height from 28" to 33".

Heavy Duty Deluxe 2-Button Folding Walker

Easy-to-use red button release allows simple folding by fingers, palm, or side of hand. Lightweight 1" anodized aluminum frame construction provides superior strength. Dual-release folding mechanism allows walker sides to fold independently. Height adjusts from 32" to 39", weight capacity up to 600 lbs..

Don't forget to add wheels to your walker!

2-Button Folding Walker with Wheels

Sturdy 1" aluminum tubing provides maximum strength while remaining lightweight. A dual-release folding mechanism enables the user to fold walker sides independently and easily.

Stander EZ Fold N Go Walker

Weighs less than 8 lbs, but supports up to 400 lbs; folds 4x smaller than your average walker to quickly store in your car, shopping cart. Fits through narrow doorways and tight spaces; making it ideal for indoor use at home, while shopping, or eating at restaurants.

It can adjust to fit anyone from 4'10" to 6'8"; and comes with an organizer pouch, and premium swivel wheels to maneuver in tight spaces.

Choose from a wide variety of sizes and styles to meet every customer's needs.

Nova Cruiser

- Patented "Feather Touch" hand braking system
- Large 8" wheels makes it perfect for indoor and outdoor use
- Contoured removable back
- Wider seat with built in seat pad

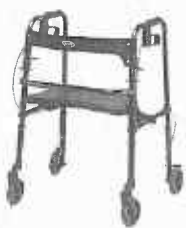

Available in purple and black

Drive Duet

- Easily converts from rollator to transport chair and back again
- Comes with padded seat and pouch
- Seat height can be raised up to 2"
- Large 8" wheels are ideal for indoor and outdoor use

Available in blue, black, and burgundy

Invacare Rollite

- Flip-up seat with built-in handle
- Flexible backrest for comfort
- Lightweight aluminum frame
- Folds into compact unit for storage and transport

Available in blue and red

Lumex Set n Go

- Multiple height settings on the frame
- Under-seat cloth bag is removable for customer convenience
- Accomodates for a broad range of user heights

Available in silver, blue, pink and burgundy

Lumex Set n Go (wide)

- Adjustable height in 1" increments.
- 19" in between the handgrips
- Larger 15.75" seat
- Ideal for those users needing a little more room for comfortable movement and seating.

Available in silver, blue and burgundy.

Probasics Rollator

- Adjustable height handles
- Easy squeeze brakes offer progressive braking power and lock down for parking
- Lightweight, welded aluminum frame
- Push-button removable padded backrest bar

Available in blue, black, and red

Lumex Walkabout Lite

- High-tech aluminum reduces its weight to only 12 lbs
- Folds quickly and easily into a compact unit for storage and transport
- Padded seat and backrest for extra comfort during use

Available in blue, green, pink, burgundy, purple, aqua, black, and champagne

Three-Wheel Walker

- Provides maximum maneuverability and comfort for those who do not require the extra stability of a four wheel rollator
- Adjustable handle height
- Easy folding

Bariatric Rollator

- Adjustable height handles
- Easy squeeze brakes
- Large 8" wheels
- Weight capacity of 400 pounds
- 20" x 13" padded seat and storage pouch

Lumex Jr Rollator

- Easy fold padded seat
- Removable padded backrest
- Adjustable height handles from 29" - 34"
- Seat dimensions: 13.5"x13"
- Item weight: 12 lbs

Let our professional, trained staff assist you in finding the best rollator to fit your lifestyle.

Aluminum Transport Chair

- Lightweight aluminum frame weighs 19 lbs
- 8" maintenance-free wheels
- Fold down back for easy storage
- Seatbelt for added security
- Comfortable nylon upholstery
- Swing-away footrests included
- Push-to-lock rear caster brakes

Wheelchair

- Powder-coated steel frame
- Durable nylon upholstery
- Molded mag wheels, maintenance-free bearings
- Comes in a variety of sizes
- Padded armrests
- Fixed arm with swing-away footrest

LiteRider

The unique design of the LiteRider scooters gets you wherever you need to go in a style all their own. The only scooters to come with two cargo baskets standard, the LiteRiders are easy to disassemble when needed, and maneuver smoothly indoors and out.

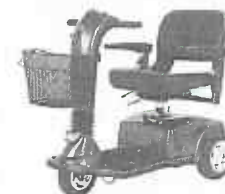

Avenger

When you want a rugged, heavy duty scooter to tackle the challenging terrain of the great outdoors, look no further than the Golden Avenger™. This scooter features oversized tires with sporty mag wheels, a full-size captain's seat for all day riding comfort, and an impressive operating range of up to 18 miles.

Companion

The Golden Companion scooters are your ticket to ride first class every day! Allow the luxurious, full-size Companions to enhance your life and take you to the places you've always had trouble getting to. Shop in the mall, attend sporting events and enjoy the great outdoors with the unmatched comfort of your favorite new Companion!

Buzzaround XLS 4 Wheel

The Buzzaround XLS is Golden's first compact portable scooter that features comfort spring suspension for a smoother ride. A wrap around Delta Tiller and ultra bright LED angle-adjustable headlight come standard for tight maneuverability and smooth performance both indoors and out. The Buzzaround XLS offers a 300 lb. weight capacity, a generous seat size and completely wireless disassembly. Available in Red and Blue.

Buzzaround XL 3 Wheel

The next generation of the popular Buzzaround scooter series is now available! The Buzzaround XL offers more standard features to make your riding experience better than ever. Featuring a wrap around Delta Tiller, a new LED battery gauge, and a new ultra bright LED angle-adjustable headlight, the new Buzzaround XL is also longer to offer more foot room, with a great turning radius. The Buzzaround XL disassembles in seconds with just 4 easy steps making transporting it from one destination to another a breeze! Available in Red and Blue

Stop by our showroom to see a

wide selection of Golden Scooters

Elevated Toilet Seat

The elevated toilet seat assists users with bending or sitting difficulties by adding 3.5" to the height of the toilet seat. This seat works in conjunction with your existing toilet seat and lid for a less clinical look. Fits most standard round toilets. Also available in elongated size.

Hinged Elevated Toilet Seat

The hinged toilet seat riser is ideal for easy cleaning. Fits most toilet seats adding 3.5" of height making it easier for individuals with mobility difficulties to sit and stand. Installs quickly and safely between your toilet bowl and existing seat. Available in standard or elongated size.

Raised Toilet Seat with Brackets

Angle and height for this raised toilet seat are adjustable to maximize comfort and reduce bending and patient effort required. Solid molded plastic seat ensures durability. Features four clip-on brackets that fit most toilets. Versa Guard brackets will not scrape or mar toilets.

Raised Toilet Seat

This raised toilet seat comes with a contoured seat and has a locking mechanism that tightens easily with one hand. Non-skid pads prevent the seat from slipping. Available with or without arms.

3 in 1 Commode

Three versatile functions with this commode! Includes bucket, lid, and splash guard. Adjustable height and snap on seat and lid. Seat size: 14" x 16". Width Between Arms: 19". Seat to Floor Height: 16" to 22".

Adjustable Toilet Safety Frame

These rails provide safe support when lowering to and raising from the toilet seat. It attaches securely with basic toilet seat hinge bolts and features comfortable, molded plastic armrests. Arm height adjusts from 27" to 31", and space between handles adjusts from 20" to 24".

Adjustable Toilet Safety Rail

These rails are designed to add support and enhance safety while toileting. Contoured waterfall armrests add comfort and provide an excellent gripping surface. The anodized aluminum frame is sturdy and lightweight and quickly secures to most toilets. Arm width adjusts from 17"-19" and the rails have an easy tool-free assembly. Secure for up to 250lbs evenly distributed.

Grab Bar

Chrome coated 1" heavy gauge steel tubing with 2.5" diameter frames. Diamond knurled finish provides secure handgripping surface. Stainless steel hardware included. Mounts vertically or horizontally. Distance from wall: 1.5". Available in 16", 18", or 32".

Bath Bench

1" anodized aluminum frame. Legs angle outward to resist tipping. Molded plastic seat with built-in handles for stability. Height adjusts from 14" to 19". Available with or without a back.

Available colors: yellow, chocolate, steel blue, sea grey, off-white, teal, and royal blue

Bath Bench with Arms and Back

Anodized aluminum frame is lightweight, durable and rust-resistant. Seat height is adjustable in 1" increments. Available with or without backrest and support arms. Tool-free design.

Folding Bath Bench

The folding bath bench is easy to store and convenient for travel. Aluminum frame is lightweight, durable, and corrosion proof. Drainage holes in the seat reduce slipping.

Round Bath Stool

Anodized aluminum frame is lightweight, durable and rust-resistant. Seat height is adjustable in 1" increments. Tool-free assembly.

Security Pole with Curved Grab Bar

Offers secure, safe support for sitting, standing or transferring.

Works great at your bedside and in the bathroom. No wall mounts needed making it useable anywhere in your home. When you need to get up, use the Curved Grab Bar to rise to a standing position. Four handles allow you to 'climb' to a standing position.

Simple and secure installation, no tools required.

*Finally, a bath aid that **enhances** the look of your bathroom!*

Teak Bath Stool

Attractive teak is renowned for its durability properties. Compact triangle shape fits into shower or bath. Lightweight, durable, adjustable legs. Seat height adjusts from 13" to 19".

Teak Bath Bench

This beautiful teak will naturally take on a handsome silver grey patina after several months of exposure to water. Lightweight, durable, and adjustable legs. Seat height adjusts from 13" to 19".

Hand-Held Shower Spray

Extra-long 80" hose allows user to sit on bath bench in shower or bath with enough hose for easy maneuvering.

Showerhead comes equipped with on/off valve to control water flow. Fits all standard 1/2" shower arms.

Bath and Shower Mats

Extra-long bath mat with suction cups to attach securely to tub/shower floors. Embossed, off-white surface.

Transfer Bench

1" anodized aluminum frame. 3-panel molded seat and back. Large suction cup feet for stability. Height adjusts from 18" to 23". Also available with padded seat and back.

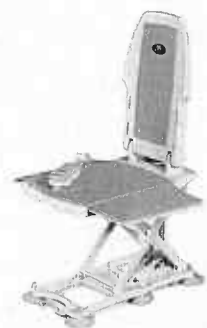

Shower Transfer Chair

Designed for safe transport to and from shower. The comfortable backrest removes for easy cleaning, and cushioned armrests enhance user comfort. Rolls easily over most toilets and allows complete access to body for easy cleaning during bathing. 5" swivel casters with rear wheel safety locks allow maneuverability in tight spaces.

Bath Tub Lift

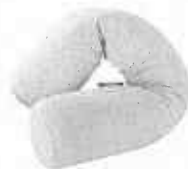

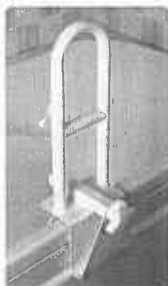

4 quick-release suction cups allow the bath lift to remain securely in the tub. Lowers you to a height of 1.5" and raises you up to a height of 19". Equipped with large side-flaps which allow the user to transfer in and out of the bathtub as safely as possible. A completely tool-free assembly and two-piece construction make the bath lift easy to assemble and disassemble.

Bath Tub Rail

Vinyl coated heavy gauge steel construction. Strong one piece steel platform. Provides stability and comfort getting in and out of bathtub. Stainless steel locking mechanism.

Fits a variety of tubs with tool-free installation. Overall height 19.5", clamp adjustment 3" to 7".

Twist Pillow

Allows you to bend it into virtually any shape you want and it stays! Perfect for supporting your head and neck – especially during travel. Use it as a leg pillow, a lumbar pillow – the possibilities are endless.

Contour L Pillow

Unique shape perfectly maintains the optimum side sleeping position. Wrap your arms around one side of the pillow while resting your head comfortably on the other to keep your neck, shoulders and upper body naturally aligned. 40 inches in total length.

Kabooti Cushion

Ergonomic design provides relief for a variety of conditions including tailbone sensitivity and hemorrhoids, while it's wedge shape and ergonomic design contours to comfortably provide all-day support.

Memory Foam Leg Pillow

100% memory foam core with a super-soft velour cover. Helps align spine and relieves pressure when used between the legs at night. Comfortable hourglass design keeps the pillow in place.

Lumbar Support Cushion (with Hot and Cold Pack)

Relieve sore lower back and lumbar muscles with this cushion. Use in any chair or auto seat for orthopedic support of your lumbar region and add the removable gel insert when you need soothing relief.

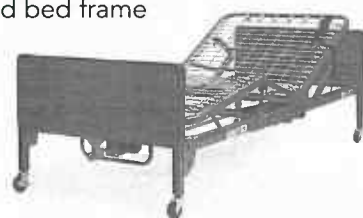

Folding Bed Wedge

Comfortably support your head and chest in an upright, slightly-angled position. Allows single users to raise their upper body during sleep. The folding design allows for compact storage.

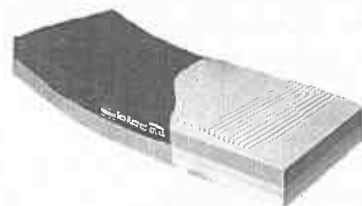

Full- and Semi- Electric Hospital Bed

- More motor clearance between motor and bed frame
- Strongest base frame in the industry
- Reinforced head section
- Universal bed ends
- Extremely quiet

Geo-Mattress

Specifically designed for the needs of the at-home patient at risk for skin breakdown. Our Geo-Mattress is cut from a single 5" layer of high-quality foam in a fluid resistant, wipe-clean nylon and vinyl cover.

PressureGuard APM2

With its two distinct therapy modes, the PressureGuard APM2 gives you twice the treatment options. Change instantly and easily from alternating pressure to basic lateral rotation with a single, recessed toggle switch. Requires no disconnecting or exchanging air lines.

Hospital Sheets

These sheets are intended for use with manual beds, semi-electrical beds, and full electric beds. Includes jersey-knitted fitted bottom sheet, percale top sheet, percale pillow case, and 100% cotton thermal blanket. Fits hospital mattresses up to 36"x80"x8".

Hoyer Lift and Sling

Make transport and transfer situations safe and affordable for everyone. With it's slim design, the lift is versatile enough to use for any and all patient moves. Features include a padded swivel bar and push handle, durable chrome-plated construction and 360 degrees patient rotation without side-to-side sway. 5" caster wheels easily allow for positioning under hospital beds.

Pressure Sensitive Bed Monitor

- Alerts caregiver with alarm when patient gets out of a chair or bed
- Pressure sensitive pad connects to the audio alarm
- Alarm comes with a safety alert, on/off switch and low battery warning
- Auto Reset
- Pad size: 11" x 30"

EZ Bed Rail

It can be used as a half-bed rail to get in-and out of bed – and extends to a full-size bed rail at night for full fall protection. It easily adjusts from 26" – 42" inches with the push of a button and folds down and out of the way when not in use.

Bed Assist Rail with Board

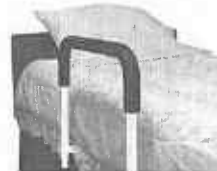

The Bed Assist Rail with Board will help the user get in or out of bed and can be used on either side of the bed. This bed rail comes in two pieces that can be quickly assembled.

To install, you simply slide the board under the mattress for extra firm support. The medical bed rail has a powder coated steel handle that can be removed when not in use.

Bed Assist Handle

Designed to give you assistance for getting in and out of your home bed. The rails' height can be adjusted from 13.5" to 16.5" tool-free. Handle is covered in foam for added comfort. All steel construction is solid and easy to clean. Handle can be removed for easy storage.

Folding Bed Wedge

Adds an incline for your bed to comfortably support your head and chest in an upright, slightly-angled position. Allows single users to raise their upper body during sleep, a position recommended for reducing symptoms from acid reflux, heartburn, and other digestive conditions. The folding design allows for compact storage.

We carry a broad range of CPAPs and BiLevels from a variety of manufacturers.

ResMed

AirSense 10 • AirCurve

Featuring a sleek, quiet design and advanced comfort technology, the AirSense 10 CPAP machine will help you comfortably adjust to sleep apnea therapy. ResMed's AutoRamp feature with sleep onset detection delivers a low pressure to help you fall asleep with ease. Once you're asleep, your CPAP machine comfortably ramps up the pressure to ensure the prescribed level is delivered the moment you need it. Consistent humidification throughout the night with the integrated HumidAir™ humidifier provides a more soothing experience. With no complicated settings or menus to navigate, simply press Start and you're ready to go. Also available in a BiLevel

Respironics

Dreamstation

A sleek, stylish, low profile design offers the important features patients told us they wanted in a therapy device. It's small and light, making it easy to pack for travel. It features easy-to-navigate menus, a front-facing display that can be operated while lying down or sitting up in bed as well as an easy-to-clean, one-piece humidifier water chamber. Also available in a BiLevel

HEALTHCARE

Pillow Masks

Nasal Masks

Full Face Masks

Our wide selection allows our patients to select a mask perfectly suited to them.

DID YOU KNOW?

Liberty PAP patients have a consistently high sleep therapy success rate.

Why? We work with every patient to ensure they are properly fitted and educated on their equipment, **and our support doesn't end there.** We follow-up with our patients once they begin therapy to answer any questions and provide advice to ensure their sleep therapy success.

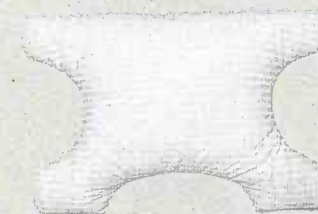

We offer a full line of CPAP accessories for your convenience.

Contour CPAPMax Pillow

Helps reduce CPAP mask leaks and mask pressure, plus help you find a comfortable position to sleep all night, even with a CPAP mask. The larger cut-outs on either side allow you to sleep on either side of the pillow. There is an added range of heights, a cooler memory foam surface and a traditional fiberfill surface – All in the same pillow!

SleePAP Pillow

Designed to comfortably position the CPAP mask and tubing while sleeping on your side, stomach or back. Prevents mask from leaking and improves compliance with prescribed therapy.

Prevents pressure points or the mask from rubbing on your face while sleeping. Prevents dangerous carbon monoxide built-up within the mask due to occlusion of the mask's exhalation ports.

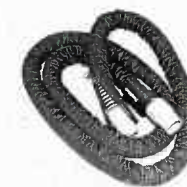

Mask Cleaner

Distilled Water

Tubing Wrap

SoClean CPAP Cleaner

Simple one-time setup. SoClean connects with all types of PAP equipment including CPAP, Bi-PAP, BPAP, and VPAP. SoClean starts automatically after you place your mask in the chamber and shut the lid. Activated Oxygen powers through your CPAP reservoir, hose, and mask.

HomeFill™ II

The compact HomeFill™ II is recent technology that allows patients to fill their own cylinders from their concentrator and not have to rely on the delivery of tanks for portability.

Use the concentrator at home and use a convenient ambulatory pack when you are "out and about."

Portable Gas Oxygen Cylinders

Portable cylinders are available in three sizes. Several styles of regulators are available in both continuous flow and on-demand delivery.

Cylinders can be transported in either a wheeled cart or carry bag (provided at time of setup).

Oxygen Concentrators

Our most popular modality of stationary oxygen delivery. Converts room air to medical grade oxygen - never worry about running out!

- Convenient
- Reliable
- Easy to operate
- Quiet
- Energy efficient

A concentrator is a stationary device used in your home that separates oxygen from room air. It stays in one room or can be wheeled to another room, and patients use different lengths of oxygen tubing to move around their home.

Bariatric Bath Chair

The bariatric bath chair is a comfortable, molded seat with integrated handles for additional support. Height adjusts from 16.5" to 20.5" in 1" increments. Suction-cup feet secure bench in bathtub. Dual cross brace for extra stability with extremely durable welds. High-strength aluminum frame to prevent rusting. Aircraft rivets will not loosen.

Bariatric Bath Chair with Back

The bariatric bath chair with back has a comfortable molded seat with integrated handles for additional support. Height adjustable from 16.5" to 20.5". Suction-cup feet secure bench in bathtub. Dual cross brace for extra stability with extremely durable welds. High-strength aluminum frame to prevent rusting. Seat is 20" x 12".

Bariatric Commode

The bariatric commode has a back rail that removes quickly and easily for convenient storage and use. Features a durable, plastic seat with lid plus plastic armrests for additional patient comfort. Height adjusts from 19.5" to 23.5" in 1" increments. Non-skid, non-marring rubber tips provide extra safety. Includes commode bucket with cover and splash shield; 28" base width and 24" width between arms; 14" seat width.

Bariatric Transfer Bench

The bariatric transfer bench has a durable aluminum frame and special cross brace design provides maximum stability. Adjustable legs provide a seat height range from 16.25" to 20.25". Backrest easily snaps into assembled seat frame with no tools required.

Bariatric Bed

The bariatric hospital bed is a heavy duty full-electric bed frame that extends to the edges of the bed deck for better support. Using the hand pendant, the user or caregiver is able to change the positioning of the head and foot sections, as well as the height of the bed.

Bariatric Quad Cane

The Bariatric Quad Cane has durable steel construction to provide maximum stability for individuals. Height adjustable from 29.5" to 38.5" with a twist locking ring that provides additional security upon adjusting height. Gloss black finish with a comfortable PVC handgrip. *Single point bariatric cane also available.*

Bariatric Lift Chair

The classic Comforter Series Lift Chair by Golden Technologies. Two heavy duty motors allow independent back and foot operation, while the quick-release hand control is easy to read and operate. Featuring extra soft seat and back pillows with lumbar support. 3 Recline Positions.

Bariatric Wheelchair

The Bariatric Wheelchair has a 24" extra-wide seat, and an over-sized dual axle for added stability and safety. Double cross brace for maximum durability and support. The black nylon upholstery is color-fast and stain-resistant. Removable padded armrests and legrests provide extra comfort and make exiting easy. *Also Available: 22" width.*

Bariatric Rollator

The Bariatric Rollator features locking loop brakes, a large storage pouch for all your carrying needs, and a large padded seat. Adjustable handle height. Seat size is 20" x 13".

Bariatric Folding Walker

The Bariatric Walker has an adjustable height from 30" to 40" in 1" increments. The walker can be folded to a slim 4.5" for easy transport and storage and the front cross braces are located near the top of the walker for maximum stride.

Home Blood Pressure Monitor

Provides vital health information in seconds. 4 User Memory with Averages, WHO Risk Indicator with 6 color LED display and irregular heartbeat detector. Includes large adult cuff and AC adaptor. *Wrist blood pressure monitor also available.*

Professional Blood Pressure Kit

Aneroid Sphygmomanometer with matching nylon color cuff and sprague rappaport-style stethoscope. Complete with matching color oversized zippered carrying case in a variety of colors. Black inflation bulb.

Digital Finger Pulse Oximeter

Easy-to-use. All-in-one integrated finger device. Single button operation. Accurately measures blood oxygen saturation levels and heart pulse rate. Results are displayed on an easy-to-read liquid crystal display. Delivers near-immediate results.

Stethoscope

Our Dual Head Stethoscope is comprised of 22" PVC Y tubing, anodized aluminum rotating chest piece with non-chill ring, adjustable chrome plated brass binaurals, and is latex free.

Our Sprague Rappaport Stethoscope is 22" long with dual tubing and has a chrome-plated chestpiece with adult and pediatric diaphragms. There are separate sound channels for each ear and it converts to 5 chestpiece combinations for use on each of your patients. Extra eartips, diaphragms, and 3 attachable bells are included.

Daylight Sky Lamp

- Two light settings: BrightZone, Glare-Free
- Compact Light Enclosure, UV Filtered and Safe
- Contemporary, Discreet & Multipurpose
- Height Adjustable Arm,
- Flicker Free

AsthmaPACK

Incorporates peak flow monitoring, MDI drug delivery and asthma education. Includes peak flow meter, spacer, instructional video, and educational self-help booklet.

Peak Flow Meter

sold separately or in AsthmaPACK

Lightweight, self-contained, portable design. Comfortable oval mouthpiece. Easy-to-use built-in handle converts into a carrying case. Easy-to-read numbers. Available in adult and pediatric ranges.

Pressure Sensitive Chair/Bed Monitor

- Alerts care giver with audio alarm when patient gets out of a chair or bed.
- Pressure sensitive pad connects to the audio alarm.
- The alarm comes with a safety alert, ON/OFF switch and low battery warning.
- Auto Reset

Sock Aid

Terry cloth cover helps prevent the sock from slipping. Nylon-lined extensions to reduce friction. Easy to use. Requires little effort whether sitting or standing.

Dressing Aid Stick

Assists with dressing or undressing. Adds 27" to arm span and has two hooks for picking up things. Great for those with limited dexterity or use of only one hand.

Reacher

Lightweight aluminum reaching aid. A squeeze of the trigger closes jaws for a tight grip plus magnet on tips helps pick up metal items. 26" or 32". Also available: *Folding Reacher*

Button Aid/Zipper Pull

Makes buttoning possible for those with limited dexterity or use of only one hand. Works by passing loop through button hole, over button, and pulling button through loop. Easy-grip handle.

Reacher Kit

- Kit comes with one each:
- dressing aid stick
 - aluminum reacher with magnetic tips
 - shoe horn, sock aid
 - long-handled bath sponge

Handybar

Get in and out of any vehicle easily by inserting the Handybar into the U-shaped striker on vehicle door frame. Non-slip handle with strong alloy subframe is conveniently sized and light weight. Features emergency side window breaker, and stainless steel seat belt cutter.

Shoe Horn

Slip-resistant, ergonomic, contoured handle, along with flexible contoured head for easy use. Ideal for people with a limited range of motion. Handle strap allows shoe horn to hang for storage.

Assist a Tray

A couch-side handle that makes it easy to stand from your favorite couch or chair. It comes with a convenient multi-use swivel tray so you can eat or simply keep handy items close by. It blends in with your living-room so you can maintain the comforting feeling of your home.

Door Knob Extender

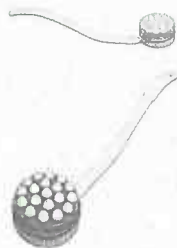

The doorknob extender converts a doorknob into a lever. For right or left hand use, it fits over a standard doorknob and allows for keyhole access. 5" length. A cord or string can be inserted through the handle slot for longer reach. Easy to install.

Footstool

Features widespread, sturdy legs which prevent tipping. Covered with corrugated rubber for a non-slip surface. Measures 10"L x 14"W x 9"H, with attachable handle which measures 31" tall.

Roll-A-Lotion

This applicator applies lotion smoothly and evenly with a gentle yet powerful massaging action. The extra long 18" handle is perfect for hard to reach places. Just fill the reservoir with your favorite body lotion, suntan lotion, bath gel, massage oil and more!

Coloplast Atrac-Tain Superior Moisturizing Cream

Exfoliates and softens severely dry, cracked, calloused skin with urea and alpha hydroxy acid. Clinically proven to help prevent skin dryness. Fragrance, dye and preservative free.

Coloplast Critic-Aid Clear Antifungal

Clear moisture barrier ointment with antifungal properties. Adheres to intact and eroded skin, easy to apply and remove.

BioFreeze

Penetrates quickly, using menthol as the active ingredient, preventing or relieving pain through cold therapy. Offers temporary relief of minor aches and pains related to: back, shoulder, and neck strains; ankle, knee, hip and elbow joint discomfort; muscle sprains and strains.

Remedy Skin Repair Cream

Uses water molecules to moisturize the skin and deliver the nutrients of Olivamine to the cells. Once absorbed, the natural oils and essential fatty acids aid the skin repair process.

Magnifier

Three available options:

- Folding rectangular magnifier [2 to 4x magnification]
- Lighted magnifier [3x magnification]
- Over-the-neck hands-free magnifier [1.5 to 3x magnification]

Shopping/Utility Cart

Transport your groceries, small load of laundry and many other items that need to go from here to there easily with the Lumex Rolling Utility Cart.

COLPAC Cold Therapy Ice Pack

Designed for clinic use - perfect for home use! Delivers up to 30 minutes of soothing relief from acute pain, swelling, and fever. Filled with non-toxic silica gel that remains pliable throughout treatment. Latex free.

Sizes Available: Neck, ½ size. 11" x 14", 11" x 21", BooBoo Blue

Therma Therapy Bed Buddy

Deep penetrating relief for aches, muscle strains, tension or arthritis. Lightly scented with lavender and chamomile. Warms quickly in microwave. 100% all-natural ingredients.

Oxy-View Glasses

Oxy-View eyeglasses effectively deliver oxygen flows up to five liters per minute, as prescribed by your physician, and they work with all types of oxygen delivery systems, including liquid oxygen, gas cylinders, concentrators, and most oxygen conserving devices.

Elastic Shoelaces

Tie your shoes once - then never again! 24" elastic shoelaces available in black or white. Shoes slip off with laces in place. Sew through knot to maintain it.

Truform Stockings

Truform Therapeutic Compression Stockings are designed to provide doctor recommended therapeutic compression. The greatest pressure, or support, is applied at the ankle and gradually decreases up the leg towards the heart. The massaging effect enables the veins to perform their functions more efficiently - circulation improves and relief follows. *Also available in an anti-embolism stocking comparable to TEDS.*

Nu-Foot Socks

Reinventing patient socks: wear NuFoot at hospitals, clinics, assisted living, gyms, resorts, homes or anywhere indoors. Skid-resistant, water-resistant. More protective than ordinary patient socks, always stay on the patient's feet!

Resistance Bands

Three levels of light resistance training provided in this kit; beginner, beginner/intermediate, and intermediate. Preferred choice of therapy and fitness professionals.

Omni Massager

The Omni-Directional Ball allows you to feel what is going on in the body—the knots and restrictions that can be felt in the tissue. The Omni Roller diffuses the intensity of direct pressure, making deep tissue work more comfortable to the receiver.

Omni Multi Massager

The Omni Multi Massager is extremely effective on any part of the body. Grooves provide stimulating massage and promote healthy circulation. The trigger point tool aids in the application of reflexology techniques and facilitates deep work on knots and painful trigger points.

Pedal Exerciser

Improve circulation and muscle strength at home or work with our no-impact exerciser. Use this bicycle-type unit from your chair or on a table to exercise arms. Non-skid rubber pads add traction. Adjustable tension. Made of heavy-duty steel with vinyl straps.

Pill Organizers

Have trouble remembering if you've taken your medication already? The pill organizer is a 7-day/4x per day organizer with removable day planner for each day and comes in a variety of colors.

Easy Up Lift Cushion

A non-electric lift cushion that you can take wherever you go. High density foam cushions molded to fit your body contours. The flexible seat curves to a flat surface that lifts you up on a level plane, without dumping you forward. Weight setting grooves calibrate the strength and height of the lifting action to suit individual user need. The lifting mechanism is bi-directional to ensure that you are eased into your seat, and gently lifted up.

Swivel Seat Cushion

This 1.75" thick foam swivel cushion rotates 360°, enabling the user to turn in any direction with ease. Flexible base with ball bearing mechanism allows it to conform to most surfaces and turn smoothly.

Ambulatory Gait Belt (Transfer Belt)

- Aids in providing safe transfer, support and stability.
- Adjustable for a custom fit.
- Cotton hand holds offer variety of holding positions.
- Features secure, snap-to-close plastic buckle.
- Available in 50" and 65"

Lumbar Support Cushion

14" x 13" cushion provides support to help ease back pain, helps promote proper spine alignment, and is ideal for travel or home use.

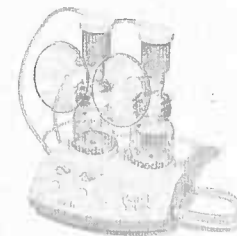

Cast and Bandage Protector

Available for arm, ankle, or leg casts. Each package contains one protector. These protectors make showering with a cast or bandage easy! Takes only 30 seconds to secure them in place without any assistance or, at most, with only minimal help. They are soft, comfortable and non-restrictive, allowing the users to retain their normal limb mobility and function at all times. Arm glove allows you to maintain finger and arm mobility while adding protection against moisture. Latex-free and reusable.

Purely Yours Breast Pump

Presenting the perfect kit for modern moms on the go. This wonderful exclusive kit includes the pump, carry-all bag and accessories. The unique design prevents milk from leaking into the pump's tubing, which saves clean up time.

Therabath Pro

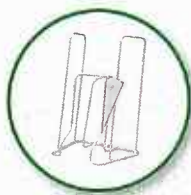

Useful in symptomatic relief of pain caused by medically-diagnosed arthritis, bursitis, and chronic joint inflammation. Relaxes muscles, relieves stiffness, and stimulates circulation.

You can benefit from Medi's compression hosiery whether you suffer from tired aching legs because you spend too much time standing or sitting, or suffer from more serious problems like swelling and venous disease.

They fit all genders, shapes and sizes from tall to petite, large frame to small. We offer a wide range of colors and styles to meet your needs.

Medi's more accurate sizing means you will get the compression you need with styles that fit into your lifestyle.

Stocking Donner

Easy to use device to help apply compression stockings. Ideal for people who have limited dexterity or have difficulty reaching their feet. Use with closed and open-toe styles.

Stocking Doffer

Take off compression stockings without laborious bending and a lot of effort. This is kind on the skin and kind on the compression stocking material.

It Stays

This adhesive securely and comfortably holds knee-high and thigh-high stockings, along with armsleeves, in place. It Stays!® is odorless, hypo-allergenic and easy to wash away.

Washing Solution

This pure, organic and biodegradable solution was specially formulated with surfactants that thoroughly remove accumulated body oils and perspiration from garment fibers.

JuxtaLite

Inelastic, ready-to-wear compression garment for venous and lymphatic diseases

- Inelastic compression.
- Compression (20-30, 30-40, 40-50 mmHg).
