Mental Health Toolkit

Practical Strategies for Helping Students

One caring person can save a life...

You are that person.

Free Toolkit

Training Curriculum

"School nurses are essential to the mental health of students—they see the whole child."

— National Association of School Nurses (NASN)

"Mental health is just as important as physical health in children and adolescents."

— American Academy of Pediatrics (AAP)

"When we invest in children's mental health we invest in their future."

— U.S. Department of Health and Human Services (HHS)
